

2026 DEFENSE & INDUSTRY SYMPOSIUM

Presented by Northrop Grumman

APRIL 8-9, 2026

The Box Elder Events Center

"Where AI, Cyber, & Defense Converge"

The Defense & Industry Symposium is a 2-day, annual conference featuring discussions focused on artificial intelligence, cyber, national defense and the homogeneous relationship between these critical topics. Specific topic areas will include the Governor's Resilience and Infrastructure Task Force (GRIT), Unmanned Aerial Systems (UAS) and Counter-Unmanned Aerial Systems (C-UAS), artificial intelligence, cybersecurity, threats to our critical infrastructure, and an update on the B-21 Raider. This is an opportunity to be a part of an ever-growing and expanding event focused on strengthening the United States through education, partnership, and connection.
